

SAVE WOMEN'S LIVES

LET'S END DOMESTIC VIOLENCE

RECLAIM
THE

night
2010

One in three women will experience domestic violence in their lifetime... and too many of these women will lose their lives at the hands of their partners. ✱ Come with us to rally, march and honour the women whose lives have been taken and celebrate the many women who have survived and thrived. ✱ Let's come together to acknowledge and raise awareness of the ongoing devastation that domestic violence has on the lives of women and children. ✱ **Let's march:** Meet in Victoria Square at 7pm and march to North Terrace. ✱ **Let's come together:** Celebrate with other women in Yungondi Courtyard, corner of North Terrace and Morphett Street with a DJ, live performances, barbeque and licensed bar from 8pm.

✱ Every year South Australian women and children lose their lives due to domestic violence.
