# Reclaim the Night

Women  
Unite!

Protest against  
sexual violence  
against women

March · Rally  
Bands · Bar · Disco

Meet at 7pm outside the State Library for march through Northbridge

After event at the Empyrean Function Centre, 14 Lake St, Northbridge includes speakers, bands, disco and open bar.

Reclaim the Night represents a claim for women's basic human right to live in freedom from the fear of violence. We protest for women to have the right to walk freely at night, free from the threat of rape and sexual violence.

There will be an opportunity to speak out against violence against women.

The march and rally are for women and children only. This symbolises women's right to walk safely without male protectors and respects the need of some women to be in women-only space when addressing experiences of sexual violence.

If you need an Auslan interpreter, please let us know by 15 October. The venue has wheelchair access.
